

S6

Design : byKATO

ANDERSEN

FURNITURE SINCE 1916

PURE ELEGANCE

The S6 sideboard is yet another new addition to the S3 family. S6 has visible mortise and tenon joints and elegantly crafted details. S5 is a beautiful, practical storage solution, as the unit has both drawers and doors, naturally with soft-close dampers.

Like the other pieces in the storage range, S6 is also available with a solid oak, walnut or black cabinet, and a choice of two fronts: either the classic white, or the inspiring and timeless multicoloured front in beige and shades of grey.

Dimensions: W163 x D43 x H79 cm.
The legs are fitted with adjustable feet.
