

CREDENZE E MADIE
CABINETS & SIDEBOARDS

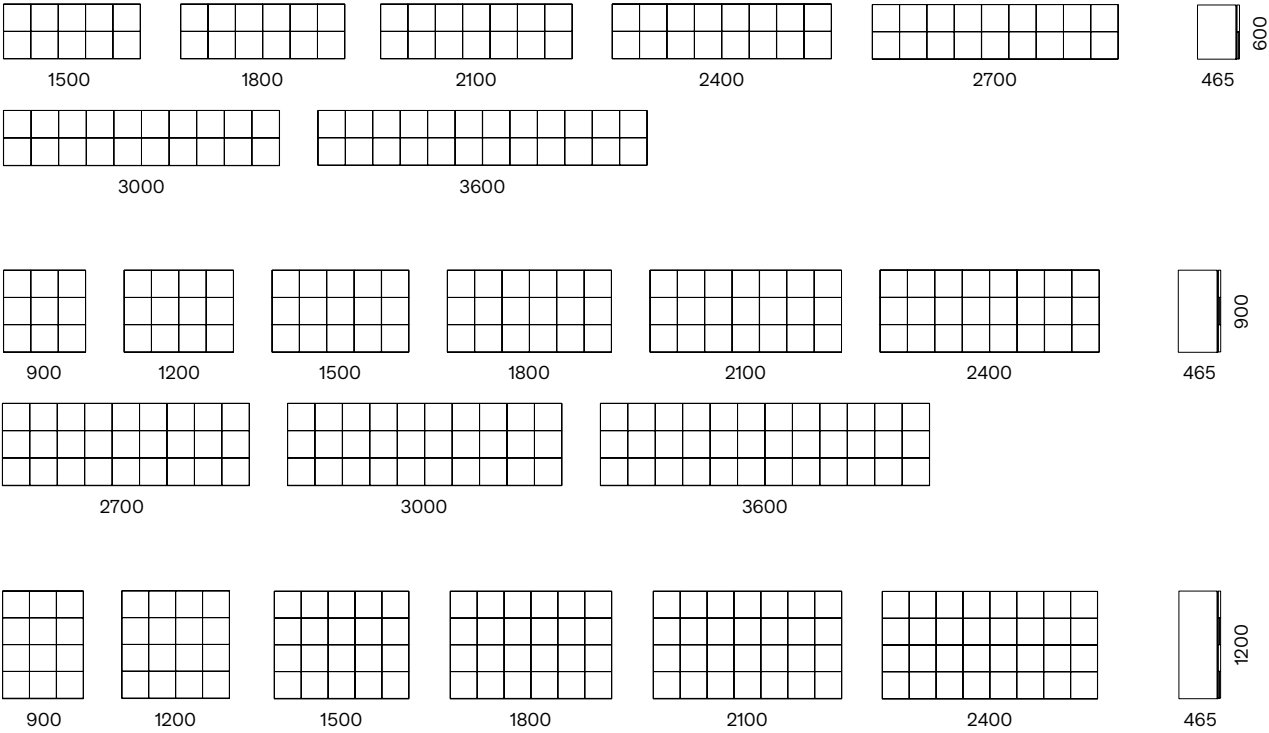

INTERNO / INDOOR

Contenitori con ante scorrevoli a pacchetto, I fianchi e i piani vengono uniti a 45° tramite giunzioni angolari a scomparsa. I contenitori che poggiano a terra hanno il fondo rialzato di 30 mm rispetto ai fianchi per permettere il fissaggio dello zoccolino frontale e l'alloggiamento dei piedini regolatori. La struttura dei contenitori è dotata di uno scurello di 10 × 10 mm, che permette l'apertura dei frontali. I frontali sono composti da pannelli 300 × 300 mm di due diversi spessori (30 e 18 mm).

Cabinets with bi-folding doors, tops and sides are adjoined at 45° by means of recessed angular joints. The external sides and the top of the cabinet have a 10 × 10 mm milling, and resulting gap allows the door opening. The self-standing cabinets have the bottom positioned 30 mm higher in order to allow the fixing of the front plinth and the small adjustable feet. The frontals are made of panels 300 × 300 mm in two different thicknesses (30 and 18 mm).
