## Remix

*“Made from a delightful yarn, thin and strong wool, the idea was to recreate a certain atmosphere of the world of men’s tailoring, via Savile Row.” Giulio Ridolfo*

*Remix* is a woollen upholstery fabric, created by the acclaimed Italian designer Giulio Ridolfo.

*Remix* is made from melange yarns, with each thread consisting of three different colours. For each colourway, two different threads are used. The result is irregular colours playing across the surface of the fabric. It is available in many colours, ranging from burnt reds and oranges, dusty blues and greens and subtle charcoal tones to natural shades of yellow, beige and sand.

Giulio Ridolfo has extensive experience in the fashion industry and has worked for Moroso, Vitra, Tod’s and Gianfranco Ferré. Evidence of this background can be found in much of his work with textiles.

His approach can be compared to creating a patchwork – he gathers and juxtaposes fragments of reality in the form of images, colours, patterns and textures. In addition to *Remix*, he has also coloured the popular *Steelcut* and *Steelcut Trio* textiles for Kvadrat, in collaboration with the Dutch weaver Franks Dijkmeijer.
